The American Academy of Arts & Sciences

The Winter 2019 issue of the American Academy of Arts & Sciences' quarterly journal, *Daedalus*, "Access to Justice" features twenty-four essays that examine the national crisis in civil legal services facing poor and low-income Americans: from the challenges of providing quality legal assistance to more people, to the social and economic costs of an often unresponsive legal system, to the opportunities for improvement offered by new technologies, professional innovations, and fresh ways of thinking about the crisis. The volume is edited by Lincoln Caplan (Yale Law School), Lance Malcolm Liebman (Columbia Law School), and Rebecca Sandefur (Arizona State University; American Bar Foundation).
