

Webinar: Expanding Your Practice Using Limited Scope Representation (Practising Law Institute 2015)

The [Expanding Your Practice Using Limited Scope Representation webinar](#) is available in an on-demand format on the [Practising Law Institute's Program's \(PLI\) page](#).

This program sponsored by PLI, featuring [M. Sue Talia](#), provides an introduction to the rapidly changing practice of limited scope representation (often called “unbundling”) in a family law context, including all of the fee agreements, forms and other materials you will need to practice limited scope representation competently, safely and profitably.

Solo and small firm family lawyers who serve middle class and moderate income clients, any family lawyer who wants to expand their client and referral base, and

pro bono recruiters and legal services providers who want to learn how to help more clients with limited funding would benefit from this program.
