

Resource: Internet and Broadband Info and Data (SRLN 2015)

Research and data about internet use and broadband access can be found at:

- Pew Research Center on Internet, Science and Technology at <http://www.pewinternet.org/>
- National Telecommunications and Information Administration (NTIA) at <http://www2.ntia.doc.gov/>
- US broadband map that makes very clear wireless coverage is far more comprehensive than wireline: <http://www.broadbandmap.gov/speed>
