- An electronic or physical signature of a person authorized to act on behalf of the owner of the copyright interest;
- Identification of the copyrighted work claimed to have been infringed;
- Identification of the material that is claimed to be infringing and information reasonably sufficient to permit SRLN to locate the material;
- The address, telephone number, and, if available, an e-mail address at which the complaining party may be contacted;
- A representation that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law;
- A representation that the information in the notice is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.
