SRLN Brief: LHI Document Assembly (SRLN 2015)

[LawHelp Interactive](#) was developed to make implementing document assembly initiatives easier and less costly for legal aid organizations as well as pro bono and court-based access-to-justice programs. Participating programs use [HotDocs Corporation's HotDocs Professional](#), and optionally the [Center for Access to Justice and Technology's A2J Author](#), to create online forms and documents. Templates are uploaded to the LawHelp Interactive server and made available to advocates, pro bono volunteers, and self-represented litigants through legal aid and court websites.

[Pro Bono Net](#), in close collaboration with [Ohio State Legal Services Association](#) and the [Legal Services Corporation](#), operates LawHelp Interactive and provides training, shares best practices, and provides the technical infrastructure necessary to offer online document assembly content.
