

Report: Resources to Assist Self-Represented Litigants: A Fifty State Review of the State of the Art (Greacen 2011)

This report was originally commissioned by the Michigan State Bar Foundation to assist [Michigan's Solutions on Self-Help \(SOS\) Task Force](#), but modified to serve as a national resource so that it may be of value to other jurisdictions working to enhance support for the self-represented. Its information and ideas may benefit those just starting such work as well as programs that have been underway for a while. It is relevant to both court-based and other self-help programs, and includes a national review of forms at the time of publication.
